

## MW103 WILDLIFE MINIATURE FOREST OF THE TIERRA DEL FUEGO NATIONAL PARK

### CONNECT WITH NATURE!

**Discover the magic of Tierra del Fuego!** Join us for a one-day excursion in the stunning Tierra del Fuego National Park, where nature comes alive in fascinating ways. This tour is perfect for adventure lovers, the curious, and anyone looking to disconnect and explore a world full of natural wonders.

#### What Awaits You?

**EXPLORE UNIQUE ECOSYSTEMS:** We'll start at the beautiful shores of Ensenada or Zaratiegui Bay, where you'll marvel at the vibrant diversity of **lichens**. Here, you'll discover various types, including:

**INSPIRED BY SCIENCE:** As we explore, we'll remember Lynn Margulis, whose theory of symbiosis highlights how organisms like lichens (the result of a relationship between fungi and algae) have been fundamental in the evolution of life. These fascinating beings show us how collaboration and interdependence are essential in nature, creating a charming miniature world.

**CRUSTOSE:** Flat lichens that firmly adhere to rocks.

**FOLIOSE:** Leaf-like lichens that have a more three-dimensional appearance.

**FRUTICOSE:** Branching lichens that resemble tiny shrubs.

**DYSMORPHIC:** Unusual lichens with shapes that defy traditional classifications.

**IMMERSE YOURSELF IN THE FOREST:** Next, we'll venture into a delightful peat bog and a beech forest, where the flora and fauna will surprise you at every turn. The diversity of **mosses and liverworts** enhances this experience, reflecting the complexity of life on Earth.

**ADVENTURE AT ROCA LAKE:** We'll end the day at the majestic Roca Lake, surrounded by tall beech trees. Here, the magic of nature can be felt with every step, and you'll have the chance to observe the rich biodiversity that inhabits this area.
