## -MH100 HIKING IN TIERRA DEL FUEGO NATIONAL PARK-

An active and enjoyable way of exploring Tierra del Fuego; hikes accompanied by an expert guide.

**Duration: 8 hours**

If you choose this full-day excursion, you will explore two remarkably different ecosystems: the sea-shore and the sub-Antarctic forest which exist side by side only in a few places on earth and are unique in Argentina.

You will walk along sea-shore trails and through the forest, an important reserve of native flora and wildlife. If you are fond of discovering NATURE in a small group with the expertise of a guide, this is an ecological experience you cannot miss!

The excursion begins in the center of Ushuaia with a minibus ride to the National Park.

After a walk along the shore, we will stop for a snack and then continue through the forest. Later, we rest for a while and have lunch at a great lookout point. Finally, we reach Lapataia Bay where the South American roads end. Total number of kilometers for this day: 50

### **INCLUDES:**

**Private Transportation Service**

**Snacks and lunch box**

**Naturalist guide**

**National Park fee**
