

## -MH102 HIKING IN HIDING LAKE-

M.de Cruz-Magellanic NT

Tierra del Fuego offers you several options to enjoy your stay in the southernmost tip of Argentina.

**Duration: 8 hours**

This one is an adventure which takes you to mountain summits to see the inner area of the Island; an amazing landscape of glacial lakes and the peaks of the Fuegian Andes, amidst a site of pristine nature.

This is the best trip to experience the ecosystem above the tree line, with its alpine vegetation. You will hike in magical scenery passing by large peat bogs, and through ñire and lenga forest, inhabited by guanacos, beavers and very curious indigenous birds.

The excursion starts in Ushuaia, driving north to Paso Garibaldi (53 km.), along National Route 3.

Once there, at 430 above sea level, the hiking begins and finishes at the mountain top, about 1000 m. high.
